PROFILE

Third-year computer science student at Esprit who enjoys building practical software across the stack and has hands-on experience with real telecom infrastructure. Comfortable working in whatever language or tool a problem needs. Seeking an internship to apply and grow these skills on real projects.

EXPERIENCE

Technical Service Intern — Tunisie Telecom, Kasserine

Jun – Jul 2024

- Assisted with GPON/AirPON and UGS service setup for residential and enterprise clients, and configured fiber ports via NCE.
- Worked on the IMS platform for voice service provisioning and used TOM for service migration and requests.
- Handled ADSL/VDSL provisioning workflows, copper-to-fiber upgrades via IPMSAN, and number-database lookups via MMPS.
- Assisted with configuration of Cisco routers (N520, C1117, ISR4321) and ADSL-to-VDSL swap operations.
- Managed tickets and reported network issues (sync problems, slow speeds) using HPSM, and coordinated with service providers to resolve real-world connectivity faults.

PROJECTS

2D Game Engine (C, SDL)

Individual project

Built a 2D platformer: player movement, pixel-perfect collision, scrolling, minimap, puzzles, save/load, timer, multi-level menu system (~163 files, modular architecture). Strong C fundamentals.

Startup Management Platform (Symfony, PHP, Doctrine)

University team project

Implemented startup CRUD features, admin approval workflow, dashboard analytics, comments, favorites, media handling, and async task processing.

Virtual Museum (Spatial)

University team project

Interactive 3D virtual museum experience.

SKILLS

Languages

C, PHP, JavaScript, Python, Java

Frameworks / Tools

Symfony, Doctrine, REST APIs, Git

Telecom / Networking (hands-on)

GPON, IMS, ADSL/VDSL, Cisco router configuration, HPSM

Concepts

OOP, databases, networking

EDUCATION

Esprit

École Supérieure Privée d'Ingénierie et de Technologies, Tunisia – Computer Science, 3rd year (currently enrolled).

CERTIFICATIONS

Introduction to Cybersecurity

Cisco Networking Academy

LANGUAGES

Arabic (native)

French (fluent)

English (fluent)
